Contract No. 80TECH26D0496 | Category A — ITC/AV Solutions

Avalogics LLC 2226 South 500 West, Clearfield, UT 84015 Phone: (385) 519-9436 | www.avalogics.com

SEWP VI Program Manager: Jose Gutierrez | jose@avalogics.com | (385) 519-9436 **SEWP VI Deputy Program Manager:** Felipe Moreno | felipe@avalogics.com

Document Version: 1.0 | Effective: October 2026

1. NASA SEWP VI Program Overview

The **Solutions for Enterprise-Wide Procurement (SEWP) VI** is a Governmentwide Acquisition Contract (GWAC) administered by the National Aeronautics and Space Administration (NASA). SEWP VI is available to all federal agencies and authorized contractors for the acquisition of commercial-off-the-shelf (COTS) information technology products, communications equipment, audio-visual solutions, software, cloud services, and related professional services.

SEWP VI Program Management Office (PMO) Email: help@sewp.nasa.gov Customer Help Desk: (301) 286-1478 Website: www.sewp.nasa.gov/sewpvi PMO Hours: Monday – Friday, 7:30 AM – 6:00 PM Eastern Time

SEWP VI expands on prior SEWP vehicles by enabling acquisition of enterprise-wide professional and managed services without requiring associated hardware or software purchases. The 10-year ordering period provides agencies with a stable, long-term procurement vehicle for their IT and AV requirements.

3. Program Management and Support Contacts

Avalogics SEWP VI Team

Program Manager (PM) Jose Gutierrez Email: jose@avalogics.com Phone: (385) 519-9436

The Program Manager is the primary point of contact for all SEWP VI quote requests, order questions, warranty issues, and post-delivery support.

Deputy Program Manager (DPM) Felipe Moreno Email: felipe@avalogics.com Phone: (407) 346-7718

The Deputy Program Manager provides backup support and can assist with quote requests and order inquiries when the Program Manager is unavailable.

Availability

The Avalogics SEWP VI team is available Monday through Friday during normal business hours. For urgent order matters, please contact the Program Manager directly by phone at (385) 519-9436.

4. What Is In Scope for Avalogics' SEWP VI Contract

Under Contract 80TECH26D0496 (Category A), Avalogics is authorized to provide the following:

4.1 Products

- **IT Hardware:** Servers, workstations, laptops, tablets, desktops, and related computing hardware
- **Networking Equipment:** Switches, routers, firewalls, wireless access points, and networking infrastructure
- **Storage Solutions:** SAN, NAS, direct-attached storage, and backup systems
- **Audio-Visual Equipment:** Displays, video walls, projectors, screens, AV controllers, cameras, and conferencing systems
- **Communications Equipment:** Telecommunications hardware, unified communications systems
- **Peripherals and Accessories:** Monitors, keyboards, mice, cables, racks, power protection
- **Software Licenses:** Software licenses and subscriptions associated with hardware solutions on contract

4.2 Related Product-Based Services

- Installation coordination
- Configuration and setup assistance
- Maintenance and support facilitation
- Cloud solutions within SEWP VI scope
- Other product-based professional services as listed in the SEWP VI database of record

4.3 What Is NOT in Scope

- Products or services not listed in the SEWP VI database of record for Contract 80TECH26D0496
- Products from prohibited technology vendors (including Huawei, ZTE, Kaspersky, Hikvision, Dahua, and others as designated by federal law or regulation)
- Products that do not meet applicable TAA compliance requirements unless specifically exempted

---

5. How to Obtain a Quote

5.1 For Market Research (RFI/MRR)

Federal customers may contact Avalogics directly for market research assistance: - Email: jose@avalogics.com | Phone: (385) 519-9436 - Avalogics can provide product information, pricing ranges, and technical specifications to assist with requirements development

5.2 For Formal Quote Requests (RFQ)

Step 1 — Submit Through the SEWP QRT All formal Request for Quote (RFQ) submissions must be made through the NASA SEWP Quote Request Tool (QRT) at www.sewp.nasa.gov. This ensures Fair Opportunity compliance per FAR Part 16.505(b).

Step 2 — Include Key Information When issuing your RFQ, include: - Detailed product specifications or part numbers - Required quantity - Delivery address and required delivery date - Any applicable TAA, AbilityOne, EPEAT, or ENERGY STAR requirements - Quote validity period requested (if any)

Step 3 — Receive the Avalogics Quote Avalogics will respond to your RFQ with: - Itemized line-item pricing (CLIN numbers) - TAA compliance status for each item (Compliant / Non-Compliant / Not Applicable) - EPEAT and ENERGY STAR designations where applicable - Delivery terms and estimated delivery date - Quote validity period - Any AbilityOne subcontracting information, if applicable

All prices will not exceed the prices in the SEWP VI database of record at the time of quoting.

Step 4 — Award the Delivery Order Upon selection, issue a Delivery Order referencing: - Contract Number: 80TECH26D0496 - The SEWP Control Number (SCN) provided by NASA SEWP

> **Important:** Avalogics will not begin fulfillment of any order until the SEWP Control Number (SCN) has been received and confirmed.

Step 5 — Order Fulfillment Avalogics processes and fulfills the order per the terms of the Delivery Order. A CLIN Verification File is provided with each order for agency records.

6. Pricing Rules

- All item prices in Avalogics quotes are at or below the prices in the SEWP VI database of record at the time the quote is submitted
- The SEWP Administrative Handling Fee of **0.3388479%** is embedded in Avalogics' quoted prices and is never listed as a separate line item
- Avalogics will honor any order placed within the stated quote validity period
- If a quote has expired, a new quote must be requested before placing an order

7. Trade Agreements Act (TAA) Compliance

All products quoted by Avalogics under SEWP VI are designated with their TAA compliance status:

- **C (Compliant):** Product is manufactured or substantially transformed in a TAA-designated country
- **NC (Non-Compliant):** Product does not meet TAA requirements (cannot be purchased with federal funds without a waiver)
- **NA (Not Applicable):** Product is not subject to TAA requirements

Federal customers should specify TAA requirements in their RFQ. Avalogics will only quote TAA-compliant items unless the customer specifically requests otherwise and has appropriate authority.

8. AbilityOne Requirements

For orders under specific NAICS codes, federal customers may have AbilityOne subcontracting requirements. Avalogics will identify applicable AbilityOne requirements when responding to RFQs in the following NAICS codes:

- 334112 — Computer Storage Device Manufacturing
- 541512 — Computer Systems Design Services
- 541513 — Computer Facilities Management Services
- 541519 — Other Computer Related Services

Contact jose@avalogics.com for assistance with AbilityOne requirements for your specific requirement.

---

9. EPEAT and ENERGY STAR

Avalogics designates EPEAT and ENERGY STAR compliance status on all applicable products within quotes:

- **EPEAT:** Product environmental performance ratings (Bronze, Silver, Gold) are noted where applicable
- **ENERGY STAR:** Energy efficiency certification is noted for applicable products (computers, monitors, servers, etc.)

Specify EPEAT or ENERGY STAR requirements in your RFQ if your agency policy requires them.

---

10. Warranty and Post-Delivery Support

10.1 Warranty

Warranty terms vary by product and manufacturer. Avalogics will: - Provide applicable manufacturer warranty information with each quote - Facilitate warranty claims directly with manufacturers on behalf of the ordering agency - Assist with warranty service coordination, including advance replacement and depot repair coordination where applicable

10.2 Post-Delivery Technical Support

For technical issues with products purchased under this contract: - Contact Avalogics' SEWP VI Program Manager for initial troubleshooting assistance - Avalogics will facilitate escalation to manufacturer technical support as needed - Software support is provided per manufacturer licensing terms

10.3 Order Issues (Damaged / Incorrect / Missing Products)

If you receive a damaged, incorrect, or incomplete shipment: 1. Document the issue with photos if possible 2. Contact Avalogics immediately at jose@avalogics.com or (385) 519-9436 3. Provide your Delivery Order number, SCN, and product details 4. Avalogics will coordinate resolution (replacement, credit, or return) as appropriate
